MEMORANDUM FOR: Chief, Research & Reference Division, PSG  
ATTENTION : Chief, Information Branch  
SUBJECT : Clearinghouse Announcements in Science & Technology

It is the responsibility of the Development and Engineering Division to keep abreast of the technology which can be used within the Center. In order to do this, the members within the Division must be knowledgeable of the research performed by or for other Government agencies. "The Clearinghouse Announcements in Science and Technology" appear to be an ideal vehicle by which this information can be disseminated within the Development and Engineering Division. It is therefore requested that this periodical be ordered for retention by DED/TSSG. Subject categories 6, 7, 17, 30 and 40 would be of interest to DED (see attached advertisement).
